I think that's a good call. I'll let you know if anything comes out of this one.

I'm not anticipating anything exciting.

Thanks,
Mike

Thx Robert. We turned off the hot topic for this one.

Best regards,

Andrew

Andrew, Here is the message I was planning to send to the community next week as a heads up of EPA staff availability at the CLP meeting.

Subject: EPA Update – CFAC Site

Good Afternoon,

You are receiving this message as an update about the Anaconda Aluminum Co Columbia Falls Reduction Plant site, also known as the [Columbia Falls Aluminum Company \(CFAC\) site](#), in Columbia Falls, Montana.

EPA Public Availability: Mike Cirian, EPA Project Manager, and Susan Griffin, EPA Toxicologist, are planning to attend the [Community Liaison Panel Meeting](#) this week for the CFAC site:

- Thursday, October 5, 2017 @ 6 pm
- NVH Tea Kettle Community Room; 235 Nucleus Avenue; Columbia Falls MT

EPA staff will be available to provide updates about the CFAC site and address community questions and concerns.

Please share this information with other interested people. If you would like to receive these emails directly, please send an email to moler.robert@epa.gov. If you do not want to receive these updates, please respond to this email with "REMOVE" in the subject line of the email.
